nav

Come and visit us!

subheader 1

general information that is considered important for the user to read first about the tearooms, e.g. its location and travel options to get there, the facilities and attractions that are available, and just general advertisement of the tearooms to the user.

facilities to add info about:

- tearoom
- general store
- souvenir/tourist store
- post office
- botanical garden

a short paragraph of information about each one.
a small image of each facility above the paragraph description.*

(important general and facilities info) section 1

a list of news and events that are happening or have happened at the tearooms. formatted using the parent tag and the tags to create a list of all of the events and news items.

(news and events) section 2

a section to the right of the news and events section which contains all useful contact information relevant to the tearooms. this allows customers to find out how to contact them easier without having to follow several nav links.

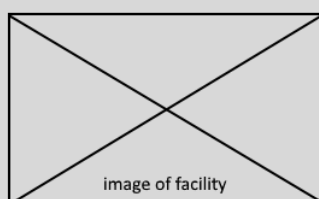

(contact info) section 3

DESIGN NOTES

background and text colour - white background, black text. to keep a professional look.
colour of subheaders and headers - green. green and white will be the primary colour palette.
nav colours - background a dark grey with a green border around it. text white to contrast the dark grey.
when the links are hovered over, turn the box they are contained in white and make the text black.
header, nav, subheader 1 and section 1 will all be displayed in a linear fashion vertically. sections 2 and 3 will be displayed side by side near the bottom of the home page.
fonts and font size - the size will remain at a reasonable size such as 12 for all paragraph elements. the main subheader ("Come and visit us!") will be larger than the other subheaders on the page in order to stand out to the user. the primary font will be arial, secondary will be verdana, and tertiary will be sans serif.

*EXAMPLE of how the image and paragraph description of each facility will be laid out:

FACILITY SUBHEADER

[facility description]

- each image will have a green border around it to keep the colour palette and variation in colour as the user scrolls down.

the format above will be repeated several times to detail all of the facilities available to potential visitors.
